### MAY DETERMINE TO CEASE WORK

Street Car Company in Grave **Doubt About Making Vast** Improvements.

IS UP TO CITY COUNCIL

DELAY IN FRANCHISE MATTER SERIOUS OBSTACLE.

A conference of officials and the general counsel of the street railway company will be held some time today to determine whether any attempt shall be made to continue the improvements in the street car system while the council refuses to pass on the franchise extensions asked and while the suit to annul the franchise of 1905 is being held out as a club by certain of the councilmen

An official of the road, high in authority, who was asked about the matter yesterday, said the company would probably have to abandon the heaviest of the work it had in mind if the council tonight continues its policy of delay and obstruction, as outlined by Councilman Black. "We are anxious," said the official, "to extend the north and south lines to the city limits, to begin construction on our new plant on the old Exposition square, to start the Garfield suburban line, to connect up some of the city lines which need new connections and to lay the ninety miles or more of new rails which is now here and ready for placing. All these things ought to be done before winter sets in.

### Franchise Held Up.

Now we are told that the franchise for extension of the lines to the city limits will be held up unless we agree to Black's ideas of taxation, and we are also told that the extension of our fran-chise in 1905, given us in exchange for Big Cottonwood water rights and other considerations, is invalid. This is the matter involved in the suit brought by Mr. Homer and it is still pending in the courts. The city has the water rights and is using them today in the Big Cot-tonwood water scheme; it is getting the lights and other considerations of the grant, jet these councilmen tell us we have no franchise and they insist that the Homer suit shall not be dismissed although it was not brought by the city nor by any city official, and was, as understand it, a maneuver of the 'Ameri-

an' party alone. "Our management is confronted with the possibility that some of the council-men will embarrass us indefinitely by their tactics. We are certainly not going to go ahead with the expenditure of be-tween \$4,000,000 and \$5,000,000 until we know the status of our franchises and feel that the council and the people want the im-provements badly enough to support us in our effort to improve the system. It would be foolish to spend large sums without any assurance that our franchises justify the expenditure. We expect to hold a meeting tomorrow and determine what our policy is to be in case the council on Monday night confirms Black's

### Policy of Delay.

Three months ago the company submitted to the council a new franchise which it desired to have considered in a fair-minded manner. The franchise extended various lines and readjusted the entire system to conform with the improvements which were to be made. Aside from this, it gave to the company the right to carry freight and express and

and the committees agreed to go over the proposed routes with the officials of the company on a tour of inspection.
Then Mr. Williams tried to arrange for this trip, but in certain quarters he found unexpected opposition. A week ago last Thursday evening he tried to persuade C. J. Crabtree, the chairman of the municipal laws committee, that something ought to be done so that the improvement work could be continued. It was then that Crabtree gave his remarkable answer that "other important matters must be con-sidered" before the council could even take the inspection trip suggested or submit to the city attorney a franchise covering the proposed extensions only for an opinion as to legal points. When the first hearing was held it was stipulated that Mr. Williams should submit a franchise which would cover only the extensions desired and would eliminate the freight-carrying clause in the original franchise and also any reaffirmation of the 1905 franchise, as that is now being contested in the courts. This he agreed to do and the committee promised that the franchise bill would be passed as soon as possible.

### Tour of Inspection.

Finally arrangements were made for the tour of inspection, but only Councilmen Preece, Barnes, Black, Crabtree, Hobday and Mulvey showed up. Of this number Preece and Barnes were not members of either committee and Councilmen North Holley, Carter, Martin and Tuddenham of the joint committee failed to attend. Since the trip, Black, following the cue given by his partner, Crabtree, when he said "other important matters must be considered," announced through the administration organ that the company should be made to pay \$1,000,000 for these extensions. He says that he will intro-duce such an amendment to the revised franchise. This, notwithstanding the fact that together with the rest of the joint committee he promised Mr. Williams that he would favor the immediate granting of

Hauling of Material.

The company has asked that freight cars from the Oregon Short Line yards be allowed to be taken up Fifth South street by electric engines to the site of the new station at Fifth South and Sixth

### The Certificate Plan.

Many people do not wish to open either an account subject to check or a regular savings account, as they are desirous of having their money earn interest from the day deposited until withdrawn. Our Secured Certificates fully meet these requirements and we want those interested to ask us about our plan and why we can safely afford to pay six per cent interest.

### **COUNCIL PROMISES LIVELY TIME IN ACTING ON RESIGNATION OF SHEETS**

reaffirmed the 1905 franchise.

After waiting for two months, Parley
L. Williams, general counsel for the
company, finally induced the municipal
laws and street committees of the council to give him a hearing. This was done.
The extensions asked for were promised all the material for the new station would have to be hauled long distances in wagons at great expense and much in convenience from dust to the residents Fifth South street, and delay the

> Black objected to the proposed arrange ment and he was followed by Crabtree. Nothing in the way of argument was used against it, but some high-sounding sentences dealing with corporate

were enough. The request was defeated for no apparent reason.

When asked why this was done Crab-tree and Black replied that property own-ers along the street had protested against it. Reliable information is to the effect it. Reliable information is to the effect that these petitions were instigated by certain councilmen and the assertion was made by them that a steam engine would be used to haul the cars, that it be used to haul the cars, that it would be kept running all day back and forth and that trains of cars would be hauled, and on these representations residents were induced to sign the petition.

### BASED UPON REVELATION.

Elder Widtsoe Outlines Principles of Mormon Church.

Smith. There are many parallels between the Children of Israel and the Mormons. Both are prophecy-believing people. Both have had many prophets.

have had many prophets.

"Before the Mormon church was established the religions of the world were interpreted according to the personal opinions of men. The Mormon church is based upon revelation alone.

"Joseph Smith was a prophet who had all the marks of the prophets of old. He came at a time when a message to the world was wanted and he had a message." the world was wanted and he had a message to deliver."

### BREAKING IT GENTLY. (Harper's Weekly.)

A southern lawyer tells of a suit for damages to the property of a Georgia man brought against a railway operating in that state. The case was lost in the superior court, but the injured party insisted upon carrying it to the supreme court, where he represented his own cause. He began his argument in a somewhat whimsical fashion by

"May it please the court, there is an old French adage which declares that 'a man who is his own lawyer hath a

fool for a client." The next month the supreme court pronounced its decision, which was adverse to the Georgian. He was in Atlanta at the time, but received the announcement of his second and final disappointment by means of a telegram sent him by a prominent judge who was an intimate friend.

ment for defendant in error. French adage affirmed by supreme court." Try the Vienna Walnut Bread. Fresh every day. Ask your grocer.

The telegram read as follows: "Judg-

### WOMEN PAY MORE.

Why Insurance Companies Discriminate Against the Gentle Sex. Medical examiners of insurance com-

panies say that the reason a woman pays more for the privilege of insur-ance than a man, is from the fact that women more readily fall victims to indigestion and stomach troubles and the Undertaker and embalmer, removed to fatal ailments that spring from these

causes. Al! persons, they say, who have a weakened digestive system and suffer from sick headache, dizzy spells, distress after eating, specks before the eyes, bloating, nervousness, sleeplessness, and the many other symptoms of indigestion, soon lower the tone of the whole system and are most suscepti-

ble to a fatal illness. For curative power in all stomach troubles, nothing else is as safe yet effective, nothing else can be thoroughly relied upon to relieve all troubles from indigestion as Mi-o-na. It is unlike any remedy heretofore known and is really one of the valuable discoveries in modern medical science. It is not the acute attacks that influence the insurance examiners alone, but the constant feelings of weakness.

kill more people than many more serious diseases. To escape this condition of ill health. to enjoy one's food and yet never suffer with indigestion, a person should use Mi-o-na stomach tablets. They are not a mere digestive tablet, but strengthen and restore to natural action the stomach and bowels and effect a complete cure in even the worst form of stomach
